

CONFERENCE DAY: THURSDAY, MARCH 10, 2022

Kellogg Hotel and Conference Center
55 S. Harrison Road, East Lansing, MI

In its 31st year, the Solid Waste Technical Conference focuses on cutting-edge technological innovations and solutions related to the solid waste industry. The one-day conference, March 10, 2022, brings together national experts to present on issues related to policy, new technologies, regulatory updates and what the future holds for the industry.

This conference has been designed with waste management and environmental professionals in mind. Whether you're in private industry, a government employee, consultant, or equipment supplier, this conference will be beneficial to you. It will give you the opportunity to:

- Network with industry leaders and professionals in the solid waste field
- Hear about the latest technology and regulatory information
- Learn about emerging technologies and regulatory changes affecting the industry
- Gain information from presentations and case studies
