

GET LICENSED GET AHEAD

Review courses available:

FE – Civil, Electrical and Mechanical

PE – Civil, Electrical Power, and Mechanical

ESD's Professional Engineer Licensing Review Courses prepare for the next stage in your career! Licensed engineers enjoy **higher salaries** and **faster career advancement**, and become qualified to work independently as a consultant or business owner.

THE POWER OF THE PE LICENSE

PE licensure is the engineering profession's highest standard of competence. A symbol that's recognized as an assurance of dedication, skill and quality.

WHY GET LICENSED NOW?

- A PE license gives you the ability to sign and seal contracts and drawings.
- A PE license opens up career options, like consulting or starting your own firm.
- Your license allows you to use the PE credential, setting you apart.

READY TO GET YOUR LICENSE?

Increase your chances of passing the PE exam by signing up for The Engineering Society of Detroit's (ESD) review course. Since 1941, ESD has helped thousands of engineers prepare for their exam in a variety of disciplines. In fact, ESD's review courses will give you all the tools to pass the exam on your first try:

- Multiple expert instructors, teaching only their specialty
- Small-group online setting
- Live instruction
- Practice problems and instructor handouts
- Highly rated by former students
- A guarantee of success
