

# Join us for **Link in the D**

**Thursday, July 18, 2024**

DTE Energy Headquarters  
1 Energy Plaza, Detroit, MI 48226  
5-7 p.m. • **No charge to attend**

**Now is a great time to expand your network and connect with employers looking for their next round of interns or even full-time hires.**

Students from Michigan engineering schools with ESD Student Chapters are invited to attend—including Michigan State, Michigan Tech, and the University of Michigan. Students from other disciplines are also welcome. This will be a fun, laid-back networking event with light refreshments. **Leave your resume at home—business cards are cooler.**

We expect representatives, executives, engineers, and HR reps from 30-35 key companies to meet with students from many different institutions.

The event is hosted by The Engineering Society of Detroit, DTE Energy, and the Detroit Intern Experience (After 5 Detroit), and is sponsored in part by MEDC.
